Mercury Stationary Retrograde in 07th House

Sometimes assumptions about those most close to you can turn out to be misperceived, and the next three weeks gives you a chance to take a second look. You can nip problems in the bud and smooth potentially ruffled feathers, including your own, where things have been taken for granted and are slowing down progress. Mending ties to others can make for stronger relationships if you are ready to address small problems and so prevent them from growing. In the same way, good fences make good neighbors, and keeping your own integrity may be part of it, so don't do others' jobs, but let equality have play.

Mercury Stationary Direct in 07th House

As you turn the corner toward clarity after a few weeks of unasked-for change, you realize that no one was to blame. What seemed like mistakes were simply different roads to the same destination and it's clear that keeping your eye on the ball and not on the pitcher is the only way to go. Resolving differences is the surest way to a strong partnership, especially when driven by a common goal. You can look forward to a backward look that may give you a boost in the coming month or so, so keep those eyes in the back of your head wide open. Tomorrow's prize lies in the hand of another, so be ready to shake it.

For the next three weeks you may feel like you're waiting for things to come together, but you don't know exactly what they are. Kind of like watching a row of seeds you've planted - - you hope something is happening, but it's hard to tell. Events for you are, in fact, restructuring themselves behind the scenes, and you may be in for some surprises when all is resolved. Your best course is to make as few assumptions as possible and don't bet on the same old horses. Be open to your own intuitive hunches and be ready to jump aboard a new bandwagon when it suddenly materializes. It may come from closer than you think and from those you might have taken for granted.

Mercury Stationary Direct in 11th House

You may have found the last few weeks have required you to spend some time pinning down just who your real friends are. Misplaced expectations can make for delay, but once you've separated the wheat from the chaff you'll have a better idea of who is really in the game. Now is the time to nail down those connections who had been hovering in the wings, time to get the message through to the ones who matter. That's important because you may soon need a shoulder to lean on, or at least a reliable counterpart who can help provide focus and serve as radar when the fog rolls in.

Venus Stationary Retrograde in 02nd House

You are entering a period when you may realize that you are not getting enough of what you want from your physical and financial resources. At least, you may feel that way, even if it's not entirely true, so you should take some time to sort out actually overlooked possibilities from simple discontent. What do you really want, and does what you possess really promise to deliver it? It may be partially that someone (or something) is putting up temporary resistance, or you may just be up for a change of attitude. Separating what you have and want from who you are and want to become may be the most important issue addressed.

Venus Conjunct Neptune (Retrograde)

Venus turning her face on your Neptune for a brief moment right now can give you the chance to reevaluate visions that might not be pulling their weight in terms of results and could use a little adjustment. Fantasy and desire can be a mix that departs from real possibilities, and it's good to stand back and get a grip on what can and cannot be before you sacrifice real futures for pipe dreams. Wanting can lead to getting, but there's no guarantee, so select the desires with the most weight and drop the ones that only weight you down. Dreams come true when you attend them well, now's the time to catch up.

Venus Stationary Direct in 02nd House

Sorting out your resources and prioritizing what you have in hand may have required some shifting over the past few weeks, but you'll find that plans can begin to firm up as you decide what you want to heat up and what should be put on the back burner. Possibilities that pay off short-term should be optimized first, but do not entirely round file potential moneymakers that take longer to mature. Knowing what you really want and who you want to deal with is the determinant -- indecision leads to undoing, so when you step forward, step with confidence and commitment. Indicate and you will vindicate.

Venus Conjunct Neptune

Venus taking off from your Neptune is the stuff dreams are made of, and what may have been iffy or poorly conceived quite recently now appears to have substance and real possibilities. This may particularly apply to shared visions and mutual ideals that require participation and a joint effort to achieve mutual goals. Too much glare can spoil the picture, so keep the lights low and let the imagination roam without tripping each other up on the details. You're not looking to reproduce the exact same dream, only to dream together. The essence of fantasy is to rise above reality, not to drown in it.

Mercury Stationary Retrograde in 03rd House

The next three weeks may well mark a lot of ebbs and swirls in the social fabric you move in, with associates backing and filling and sometimes seeming less than reliable. No blame here, just a general reshuffling until everyone feels comfortable with their positions, including yourself. Try to work on removing obstacles to the flow and diplomatically shift your schedule according to who better fits your evolving agenda. Toward the end, you may have to call into question some aspects of your financial underpinnings in order to effectively make contact and cause others' goals to come into step with your own.

Mercury Conjunct Neptune (Retrograde)

Mercury backing off your Neptune may mean putting your fantasies on hold until you've more thoroughly figured them out. Groping blindly in the mist will not serve you well -- better to be still so you can better hear what may be moving about. If fond hopes disappoint, it is perhaps because you have not framed them in a fashion where they can become reality. One wish leads to another only if you don't cling to the first one -- be ready to reload your camera and take another shot. When the pictures are developed down the road, you'll see clearly what you had only imagined was there.

Mercury Stationary Direct in 02nd House

Kinks, twists, and delays in financial matters are on their way out and a return to smoother sailing is in the works. Although delays may have been annoying, the resolutions they have brought will benefit you immediately and in the long run. Picking up loose ends and tightening your operation has lasting benefits, not only on your resources, but also on your opportunities to disseminate your ideas and expand your contacts and horizons. Any headway you may have lost is momentary and will be made up for by a smoother operation, a steadier course, and fewer distractions over the next several weeks. Tie up loose ends and be ready to move on to expanded horizons and a surer sense of your underpinnings.

Mercury Conjunct Neptune

Mercury swinging around on your Neptune may not completely get you out from recent weeks' fog, but it will allow you to begin to get your bearings. Trust your instincts, not your eyesight, and feel free to feel your way. Spend more time living your life like poetry instead of prose, putting your emotions into words and your spiritual aspirations into print. You don't have to show it to anybody, just yourself -- you have to hitch yourself to a dream for it to come true, so start hitching. When you can put your finger on what it is you want, then it is more likely to fall within your grasp.
