Your Astro-Forecast begins on the next page. If the time period for an interpretation is, for example, given as "July 1, 2000 (June 15, 2000 to July 15, 2000)", then it starts in mid-June, reaches greatest intensity around July 1, and ends in mid-July. The first date listed is the time when the influence has reached maximum strength; we can call this date the "peak date". The influence starts on the beginning date, gradually increases in strength until the peak date is reached, and then it gradually fades out until the ending date is reached. An influence may last for as little as a few days to as long as half a year or so.

You may also notice that the same interpretation shows up periodically during the year; this is not unusual. In some cases the beginning and ending dates of the 2 influences are the same; the only difference between the 2 interpretations is the peak date. This means that this particular influence has two peak dates instead of one. It is even possible for there to be three or more peak dates for the same astrological influence. To eliminate redundant interpretations, you may be informed that the astrological influence also occurred earlier and that you should refer back to the previous occurrence of this interpretation.

You may be wondering what the abbreviations after the dates are. For example, you may see "Sat Conj Plu", "Ura Trine Nep", etc. These abbreviations are given for the benefit of astrologers and they show the astrological factor that is in effect.

We hope you enjoy your Astro-Forecast. For the benefit of astrologers, some technical details are given below.

4 Sep 2006 (15 July 2006 to 24 Oct 2006)

Pluto conj sun/moon

You may feel forced to get down to essential issues at this time in your life. You may have to examine the very depths of yourself and make some significant changes. This is a time to purge, to release, and to get at the center of your power and purpose. There is a tremendous potential for personal growth, although you may have to go through power struggles, or face parts of yourself that you don't like, or experience loss in order to get there.

16 Sep 2006 (15 Sep 2006 to 8 Oct 2006)

Sun 12th House.

Retreating from the world for awhile and spending some quiet time alone to relax and rejuvenate appeals strongly to you now. You may feel like you are at a low ebb and as if nothing is happening or you may simply not want to be "where the action is". Competitive ambitions and ego drives are on hold now.

22 Sep 2006 (21 Sep 2006 to 10 Oct 2006)

Mercury 1st House

At this time you are likely to speak out and let your voice be heard on matters you have been considering or mulling over for some time. You are keen and alert, and you express yourself well. This is an excellent time to initiate discussions and communication, but you may be so intent on getting your message across that you don't really listen to what anyone else has to say.

24 Sep 2006 (23 Sep 2006 to 12 Oct 2006)

Venus 12th House

You are not likely to be very gregarious or sociable now, and you may feel that you cannot be openly affectionate with someone you care about. You may have romantic yearnings for someone that is unavailable to you, and great discretion regarding this relationship may be called for.

On the other hand, a friend or loved one may need you very much. You could be called upon to give to or care for them without getting much personal enjoyment or pleasure at the moment, except through serving them in an unselfish way.

29 Sep 2006 (27 Sep 2006 to 1 Oct 2006)

Vesta Conj Jupiter

An abundance of work, projects and business-related activities will keep you busy and involved during this period. Your approach to work will be enthusiastic and dedicated, and you focus your attention on accomplishing work that will bring future growth and expansion in your career. You have a greater need to seek out prominent or influential professionals who can assist you in your efforts to expand or improve upon your work or line of business. Contacts with international organizations or business travel will be especially fortunate for you now. Also, you will be setting high standards for yourself as far as work and career are concerned. You may judge yourself on how deeply committed you are to your work and, if necessary, search out new possibilities if your needs are being unfulfilled. In your personal life and intimate relationships, you rely upon your principles and faith to support your intentions at this time. You feel it essential to associate with individuals who are loyal and trustworthy to the end, while still allowing you enough freedom to explore new horizons.

This is a good time to undertake projects which bring out your natural talent and creativity. If there is a new skill or craft you wish to develop, now is the time to plan and strategize ways to realize your ideals. You may have an opportunity to join up with others who have similar creative and artistic leanings, prompting you to gain more confidence and faith in your abilities. Your physical and mental vitality is at a high point, and thus affords you with the will and determination to be your most productive.

30 Sep 2006 (30 Sep 2006 to 1 Oct 2006)

In an ongoing relationship, pledges of love, commitment, and loyalty can be exchanged, or you can have a meaningful conversation which brings renewed vows. You or your loved one may be especially revealing with regard to affectionate feelings and open communications. Carrying out day to day routines and obligations with your companion should also prove more pleasant during this period. You may even receive an invitation or news of a wedding, birth, party, or engagement now.

Whether this project is work-related or a personal objective, you will most likely encounter help and cooperation from other individuals, especially women at this time. Your instincts are sharp, and you can zero in on a target or direction that provides you with insight into accomplishing a cherished goal. In personal relationships, you may feel deeply committed to strengthening the emotional involvement with your mate and take your responsibilities and loyalty much more seriously.

1 Oct 2006 (29 Sep 2006 to 2 Oct 2006) Mars Conj Asc

You come across assertively, competitively, and energetically now, so much so that you may arouse others' animosity. You don't want to slow down or accommodate other people's needs and resent it hotly if your own desires have to take a back seat to others' will and wishes.

This is a time for positive, decisive action on your part, forging ahead, taking the initiative. Try not to do so in a completely insensitive, arrogant manner as this will almost certainly work against you.

1 Oct 2006 (29 Sep 2006 to 8 Nov 2006) Mars 1st House

You are decisive and forthright and your energy level is high. You appear rather headstrong and most people will stay out of your way, or let you take the lead. You aren't very patient or conciliatory now and won't avoid a confrontation. You may even provoke them in an unnecessarily forceful or inconsiderate manner. Now is the time to act, but try not to be foolhardy or step on too many toes.

1 Oct 2006 (30 Sep 2006 to 2 Oct 2006) Venus Conj Mercury/Sat

Thoughts turn to parenting, nurturing, and providing assistance to those you love and care about. You may have a great deal of contact and communication with family members, relatives, and siblings at this time, in greater part because they need guidance, advice, or help. This is a good period to make schedules or arrangements with those who live with you as to the handling of domestic or personal responsibilities. Meaningful conversations with your children or mate can open new doors to understanding their particular needs.

1 Oct 2006 (26 Sep 2006 to 6 Oct 2006) Pal Sextile Venus

You feel more goal-oriented at this time and want to actualize your creative or artistic projects. You may gather new insight or receive assistance from others to finance a productive endeavor. Or you might be offered an opportunity to form a partnership in which you share your talents and beliefs with another. Intimate relationships develop a more peaceful, cooperative, and helpful theme.

You may purchase personal items or redecorate your home, blending new colors and shades in your environment. Leisure activities, social concerns, and musical hobbies can bring you pleasant experiences at this time.

1 Oct 2006 (1 Oct 2006 to 2 Oct 2006)

Mercury Conj Sun/Pluto

Every word is weighed for maximum effect. You can communicate powerfully if you take the time and have the intention to be effective. It is a good time to talk about power, desire and other forbidden subjects.

2 Oct 2006 (1 Oct 2006 to 2 Oct 2006)

Venus Conj Jup/Nep

This is a time for spiritual love, an appreciation of religion, or a new set of ethics with high goals. You can be very idealistic now and could inspire others to do the right thing. You may enjoy acting in a unusually compassionate and generous manner.

2 Oct 2006 (2 Oct 2006 to 3 Oct 2006)

Ven/Nep Oppos Uranus

Some of the separation you feel from others can be dissolved now. This is a period in which the heart can overcome the mind and bring you closer to people. But you may also sacrifice some of your independence for the sake of love or the right cause.

2 Oct 2006 (2 Oct 2006 to 3 Oct 2006)

Mars Conj Vesta

Your concentration, drive, and enthusiasm is quite powerful during this period. You feel energized, motivated, and eager to take constructive action on anything that promotes your own self-interests or professional objectives. Whether your desires are based on personal or work-related objectives, you now take on a more zealous or wholehearted approach to these affairs. You are apt to devote your attention to matters of utmost priority in your life and make key decisions or take definitive action on a significant issue. Areas of your life which are not meaningful, purposeful or personally rewarding will be sacrificed or forced to take a back seat while you pursue new beginnings or take on challenges which stimulate your personal or work ambitions.

2 Oct 2006 (2 Oct 2006 to 3 Oct 2006)

Sun Sextile Pluto

There are opportunities for deep sharing and powerful, meaningful contacts with others, especially people who share common goals or ideals. An opportunity for a leadership role is also likely.

2 Oct 2006 (2 Oct 2006 to 3 Oct 2006)

Venus Square Mars

Tangles in romantic relationships are likely now. Your sexual drive is quite strong, and you may be more concerned with satisfying your own desires than in being sensitive to your partner. All interactions with people of the opposite sex are inclined to be tense right now.

2 Oct 2006 (1 Oct 2006 to 4 Oct 2006)

Merc/Ura Oppos Sat

You could find that your well ordered plans are upset by others who do not respect what you are doing. On the other hand, it could be you that pushes against the system, the rules and the old limits. It's great to be inventive as long as you try to balance your need for freedom with the responsibilities that you have.

3 Oct 2006 (2 Oct 2006 to 3 Oct 2006)

Sun/Venus Conj Neptune

This could be a very romantic time. You can be in love with the idea of love and so your judgment of others could be clouded. Your desire for a perfect union requires a dose of realism in order for you to avoid unpleasant aftereffects.

3 Oct 2006 (2 Oct 2006 to 4 Oct 2006)

Sun Trine Uranus

You have a low tolerance for boredom and following rules today and you make some creative changes and discoveries, experiment with new possibilities, or invent a new way of doing things.

You don't want to follow anybody else's lead at this time, but fortunately you are able find ways to be yourself and even be a little "crazy" without offending or upsetting others. This is a dynamic and exciting period. Take advantage of any unusual offers or opportunities.

3 Oct 2006 (2 Oct 2006 to 4 Oct 2006)

Venus Conj Chi

Positive influences allow you to work through certain difficulties in a love relationship or personal matter. Healing and resolution of particular issues can begin by opening your heart to giving and receiving more love and acceptance in a relationship now. A current partner or someone special who comes into your life at this time can bring you new awareness and understanding of your innermost feelings and values. You tend to draw to yourself the aid and guidance needed to remove blocks in your mental, emotional, or spiritual life.

3 Oct 2006 (2 Oct 2006 to 4 Oct 2006)

Venus Conj Moon/Pluto

Mystery and relationships are mixed up together. This can put you in a suspicious mood where you do not feel very trusting of others. Manipulation and secrecy are in the air, but you can best respond by bringing hidden issues to the surface.

3 Oct 2006 (2 Oct 2006 to 4 Oct 2006)

Merc/Plu Conj Moon

You may be extremely sensitive with respect to other people talking about you. Strong feelings can be triggered easily. But this is also a period in which you may be able to do some deep examination of your past, your family patterns and your emotions.

3 Oct 2006 (3 Oct 2006 to 4 Oct 2006)

Mercury Conj Moon/Neptune

This is not the day to balance your check book. Your mind is more poetic and imaginative than practical now. You can be very creative in what you say and the truth may be stretched by you or others with whom you come in contact.

3 Oct 2006 (22 Sep 2006 to 14 Oct 2006)

Jup/Nep Conj Mars

You may learn to take the initiative for doing something idealistic, spiritual or imaginative. This is a time when you need to take on a cause or project which inspires the best in you and uses all of your creativity. Your need to fight for the noble cause can benefit the community, but you can also go off on a tangent and dispense a great deal of energy in pursuing unrealistic goals.

3 Oct 2006 (1 Oct 2006 to 5 Oct 2006)

Sun/Uranus Conj Mercury

Your mind is likely to be very stimulated and active at this time. This can make it difficult for you to work patiently. You are motivated to act quickly, to think quickly, and to look at the world in your own unique way. You can be inventive, but may need to slow down a little in order to communicate effectively.

4 Oct 2006 (4 Oct 2006 to 5 Oct 2006)

Venus Conj Mars/Sat

You can have an appreciation for hard work, concentrated effort and attention to details. It is a time when you can understand and value discipline. You can learn that patience and good training will pay off in the end.

4 Oct 2006 (4 Oct 2006 to 5 Oct 2006)

Venus Qucnx Venus

Differences in styles, personal tastes, aesthetic appreciation, or values is an issue in your life at this time. You may feel unloved or not valued due to differences in the way you and a significant other express affection. In social situations, you may well feel out of place, awkward, and ill at ease; perhaps you run into an old lover or are in a social setting which is distinctly different from the one you are familiar with. You are apt to be conciliatory and gracious about making adjustments and concessions, but you feel rather uncomfortable internally.

4 Oct 2006 (4 Oct 2006 to 5 Oct 2006)

Mercury Sextile Mars

You are eager to discuss your thoughts and plans with others at this time and you may have a very fruitful brainstorming session, a spirited debate, or a very active meeting with others in which things really get accomplished. You are verbally assertive and can present your own plan or idea quite convincingly.

4 Oct 2006 (4 Oct 2006 to 5 Oct 2006)

Mercury/Sat Conj Jupiter

Your big plans may be bogged down by too many details. You need to come down from your ivory tower and deal with all the little things that need attention now. If you can do the necessary detail work, your grand schemes have a much greater chance of succeeding.

5 Oct 2006 (3 Oct 2006 to 6 Oct 2006)

Mars Conj Merc/Plu

You may not be in a joking mood. Or if you are, you will likely discover that others are deadly serious today. Intense communications, sometimes harsh words and challenging ideas can be shared now. You have the ability to dig below the surface and unearth interesting information.

5 Oct 2006 (4 Oct 2006 to 6 Oct 2006)

Venus Square Sat

Withdrawing from emotional social contact is favored now, for even when you are with others you are likely to feel separate and alone. Sadness and disappointments in your personal life are also probable now. Inadequacies and flaws in your friends or lovers are particularly bothersome to you now, and you may feel that you have nearly exhausted your patience for dealing with these problems. It is a time to be quiet and to look objectively at how your relationships are going. Though not a pleasurable time, this can be a fruitful period in which to learn more about love and what you truly value.

5 Oct 2006 (4 Oct 2006 to 6 Oct 2006)

Venus Conj Neptune

Your romantic imagination is strong now. Dreams of an idealized "true love" or feelings of compassion and oneness with others emerge strongly at this time.

Your perception of people gets rather hazy; you tend to see them through rose-colored glasses. It is best not to make firm commitments at this time.

If you have creative or artistic inclinations, your work will blossom. You can come up with some really lovely, inspiring images.

5 Oct 2006 (30 Sep 2006 to 10 Oct 2006)

Jupiter Sextile Sun

This time period is harmonious and pleasant. Relationships are particularly pleasant and productive now, and you will find that business agreements and partnerships formed now work out very well. Cooperation and camaraderie is strong now, and you may receive a gift or offer from someone.

This is a wonderful time to simply enjoy life; you find it easy now to put any worries or concerns to the side. You are likely to spend some time with friends or take a weekend vacation and thoroughly enjoy it. Have fun!

5 Oct 2006 (4 Oct 2006 to 6 Oct 2006)

Mercury Trine Venus

You are very congenial and cooperative now and more interested in the similarities than in the differences between yourself and others. This is a very good time to let people know you care about them: send a card, write a note of appreciation or even a love letter! You may also want to buy something beautiful, pleasing, and frivolous which simply makes you feel good.

5 Oct 2006 (4 Oct 2006 to 7 Oct 2006)

Merc/Nep Conj Mercury

It is easy for numbers to change themselves, for words to disappear, for conversations to become blurred with sounds and images but lost to facts and clarity. You can use this time to communicate with compassion and creativity, but don't do your income taxes now if you can help it.

6 Oct 2006 (6 Oct 2006 to 7 Oct 2006)

Venus Conj Pal

A new love affair may begin now or a current relationship become strengthened, more well-balanced, and cooperative. Warmth, harmony, and contentment are indicated in romantic and social relationships. You desire to establish peace and tranquility in your closest partnerships, and you can persuade a mate, loved one, or friend to follow in your footsteps. Creative or cultural pursuits are very rewarding now. You can have a greater understanding of patterns and designs, are likely to be highly responsive to music, and more appreciative of the beauty and colors in your surroundings.

6 Oct 2006 (6 Oct 2006 to 7 Oct 2006)

Mercury Oppos Venus/Sat

Clearing up problems or misunderstandings in relationships can be on the schedule now. Take the time to talk about the hard issues and you can increase trust and gain a measure of respect. This applies to both personal and professional relationships.

6 Oct 2006 (6 Oct 2006 to 7 Oct 2006)

Mercury Trine Sat

The emphasis is now on long-range financial planning, thinking about future security, and formulating strategies to achieve your ambitions. Your ability to study quietly, to concentrate on complex mental work, and to think deeply about serious matters is much better than usual. This is a good time to organize your affairs and also to seek professional advice about your concerns.

7 Oct 2006 (2 Oct 2006 to 12 Oct 2006)

Jupiter Conj Mars/Neptune

You can be inspired to fight for an ideal or make a dream come true. This is a time of imagination and the spirit of adventure. You can be like Don Quixote off to fight the windmills. Make sure that your targets and goals are worthy of the energy you bring to them now. You can easily feel foolish if you don't aim carefully.

7 Oct 2006 (6 Oct 2006 to 9 Oct 2006)

Mars Square Sun

You are inclined to be aggressive and hot-tempered now, particularly when your will is blocked. Your pushiness or competitive attitude is likely to create antagonism, hostility, and further resistance to your efforts. It is best to work alone rather than try to cooperate or coordinate your efforts with anyone at this time. Also, you are impatient and tend to behave in an impulsive, irritable way which makes you more prone to accidents during this period.

8 Oct 2006 (2 Oct 2006 to 12 Oct 2006)

Jupiter Trine MC

Fortunate circumstances assist you in your career. Obstacles and impediments seem to disappear and your work progresses very smoothly. This is a time of steady growth and progress, combined with an enjoyable and harmonious atmosphere. You feel good about yourself and the direction of your life. You feel that your work is meaningful, further expanding your sense of well-being and happiness at this time. Unusual or highly unexpected events do not occur but the gradual change in tone and quality of your life brings about a much improved situation for you.

You may feel so comfortable during this time period that you do little to take full advantage of the opportunities that are available to you. Do not sit back and watch this influence pass you by!

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

8 Oct 2006 (8 Oct 2006 to 9 Oct 2006)

Venus Sextile Pluto

Your feelings for friends and your emotional responses to life in general are deeper and more intense. The need to share, to give and receive love, and to be accepted and wanted is very strong. You have an opportunity now to see what keeps you from being really close to others - perhaps a forgotten hurt or hidden resentment - and to rid yourself of it by bringing it out in the open or simply releasing it.

8 Oct 2006 (8 Oct 2006 to 9 Oct 2006)

Venus Trine Uranus

Unexpected pleasures, new friends, or a more playful, adventurous attitude in your relationships make this time period stimulating and delightful. You want a break from your usual routine and, because you are willing to experiment and to be spontaneous, you are likely to experience a refreshing change of pace. A new romance or a revitalization of a current one is very likely.

8 Oct 2006 (7 Oct 2006 to 10 Oct 2006)

Mars Square MC

At this time your efforts to get ahead and advance your own interests are likely to be met with resistance or animosity. You seem overeager, pushy, inconsiderate, or too narrowly focused on your own objectives, so that you alienate the people who could help you. Try to do as much as you can on your own without trying to force others to agree with you or join you.

8 Oct 2006 (8 Oct 2006 to 9 Oct 2006) Sun Conj Asc

This is a time for you to shine! You have an extra measure of energy and confidence now and will make a strong impression on those in your environment. This is a very good time to go for a job interview, meet the public, or simply go out and be seen. You will be noticed more than usual.

This is also a good time to begin something new, to initiate a relationship or project you may have been considering.

8 Oct 2006 (7 Oct 2006 to 3 Nov 2006) Sun 1st House.

During this time you can make a strong statement to the world about who you are and your presence has a more noticeable effect upon the people in your environment. If you want to make an impression on others, now is a fine time to do so. People recognize you and are likely to follow your lead, or at least they stay out of your way more readily than usual. You are likely to feel more confident and vital now.

However, you may be so preoccupied with yourself and your own desires that you unintentionally ignore other people and their needs.

8 Oct 2006 (7 Oct 2006 to 10 Oct 2006) Venus/Uranus Conj Mercury

You can have some fresh and interesting new ideas and contacts with stimulating people. You can free your mind to discover new ways of looking at relationships and communicating openly. Take time out from the details of life to enjoy surprising contacts with others.

9 Oct 2006 (8 Oct 2006 to 10 Oct 2006) Sun Conj Vesta

You strive to put forth your best performance in work and business activities at this time. Current job priorities may occupy all of your energy, yet you remained focused on what needs to be done. A certain degree of visibility is very flattering to you now, and chances are that higher ups are interested in your achievements. Your desire for more responsibility or prestige in your career is backed up with hard work and dedication. Your supervisory skills are excellent now and you can effectively direct others to help you accomplish your goals. Even though work is in high gear, try to spend some quality time with loved ones and family members who need your attention also.

9 Oct 2006 (4 Oct 2006 to 13 Oct 2006) Pal Oppos Sat

You may encounter disapproval and negative reactions from authority figures or business professionals regarding your viewpoint and/or your creative plans. Difficult decisions may need to be made which will directly effect your public reputation and career status. For example, you may be deeply involved with a business assignment and your employer or superior imposes strict and rigid guidelines on the project, thus delaying or inhibiting your ability to make concrete achievements. You experience suspicion, doubt and worry over your job performance and feel you must take decisive action to ensure your position in the corporation.

This can also be a time when there is anguish over an ill or elderly parent who depends upon your care and concern.

9 Oct 2006 (8 Oct 2006 to 10 Oct 2006) Mercury Square Pluto

It is impossible for you to be content with superficial answers now, and you are impatient with people who avoid looking candidly and honestly at root causes and hidden reasons for any problem or situation. You tend to force your views on other people now. Also, you can become obsessed with an idea or problem until you have figured it out.

9 Oct 2006 (8 Oct 2006 to 10 Oct 2006) Mercury Qucnx Uranus

You tend to be tense, "wired", on edge, a bit nervous or jumpy, and you will need to take a little time to breathe deeply and settle yourself. The pace of the day may make this difficult, however. You are apt to be too quick to respond or respond inappropriately to questions, tests, quizzes, etc. If you consciously slow down, you will do a lot better.

9 Oct 2006 (4 Oct 2006 to 14 Oct 2006) Pal Square Neptune

In the course of your daily activities, you may retreat from work and practical responsibilities, tending to fantasize and distort reality. Although you are inspired by fascinating dreams, they can be illogical, unrealistic and illusive. You need to carefully evaluate your communications with others, as they may involve deceit, misunderstandings or underhanded schemes. You can be the victim or perpetrator of unscrupulous activities. Make sure you safeguard your creative designs and achievements during this vulnerable period.

10 Oct 2006 (9 Oct 2006 to 13 Nov 2006) Mercury 2nd House

At this time you have many thoughts and discussions about finances, commercial transactions, your personal assets, and material security. You are thinking about how you spend money and manage your resources. This is a very good time to consult with a financial planner or accountant and to get your business affairs in order.

10 Oct 2006 (10 Oct 2006 to 11 Oct 2006) Venus Oppos Sun/Sat

You can look dignified but, at the same, friendly at this time. This is a time when you can meet your obligations with charm and grace. Others are likely to respect you now and can appreciate your elegance under pressure.

11 Oct 2006 (4 Oct 2006 to 18 Oct 2006)

Jupiter/Sat Conj Neptune

You can commit yourself to a dream right now. You may have the perspective, the optimism and the practicality to turn ideals into reality. Along the way, of course, you may have to let go of old fantasies which are no longer appropriate. Your careful planning and management of your dream can be a real contribution to humanity.

11 Oct 2006 (9 Oct 2006 to 13 Oct 2006)

Vesta Square Mars

A situation at work can irritate you now; however, you remain responsible and loyal to your objectives. You strive hard to put forth your best efforts, but can meet with frustrating obstacles or have your goals thwarted by someone who challenges you. For example, the dedication you have shown toward your work-related goals is met with indifference from superiors or those in authority. Competitive behavior or resentment from co-workers is likely to surface, causing you to rely upon your own resources to complete work assignments. You might fluctuate between feelings of intense anger and coolness toward the individuals who hamper your drive and perseverance, all the while remaining focused on your own intentions. In your personal life, this period can prove slightly difficult, mainly in the area of intimate relationships. Problems can arise in expressing your sexuality and desires to your mate, as well as in issues of mutual commitment and loyalty in the partnership.

11 Oct 2006 (10 Oct 2006 to 12 Oct 2006)

Sun Conj Merc/Plu

You have the power to convince others now. You can communicate with depth, intensity and passion as you express your ideas. Be careful about pushing too hard as power struggles may arise. Stay focused and stick to your point.

12 Oct 2006 (9 Oct 2006 to 14 Oct 2006)

Juno Square Mercury

A great amount of understanding is required now in your marriage or close love relationship. Discussions are not as congenial and are apt to be filled with misunderstandings. Either you or your partner may feel nervous and insecure when an emotional or verbal connection is attempted. There is a tendency to quickly shift from one topic to another in your daily communicating, leading both of you to misinterpret what is being said. If the tension and oversensitivity builds up in the relationship, than a true exchange of feelings will seem impossible. Try to increase your intellectual affinity with your partner through patience, courtesy and friendliness.

If you are unattached or without a committed partnership, then you may have difficulty forming a bond or new relationship at this time. The manner in which the potential partner relates to you may seem overly critical, or changeable and fickle.

12 Oct 2006 (12 Oct 2006 to 13 Oct 2006)

Your desire for harmony, beauty, and gracious surroundings is stronger than usual and you avoid unpleasantness as much as possible. You're inclined to use charm, gentle coaxing, and loving persuasion rather than more direct, forceful methods to get what you want. At this time, pleasure and affection are more important to you than work, and you may be rather lazy, but pleasantly and cheerfully so.

12 Oct 2006 (12 Oct 2006 to 13 Oct 2006)

Sun Square Sun

You may feel temporarily blocked now. Resistance and challenges from others or from outside situations suggest that this is not a good time to try to force your will and desires upon the world, as friction is the only likely result. Relations with men can be especially tense.

13 Oct 2006 (12 Oct 2006 to 14 Oct 2006)

You seek security and harmony in your relationships, business and personal, during this period. You are capable of a great deal of dedication and commitment toward partnerships of importance to you. You may pay more attention to the financial aspects of your relationships, expenses shared with another individual, or marital funds since you could feel impelled to seek improvement and stability in this realm. Your social life can consist of mixing work and pleasure now. Or, you may take a more enthusiastic approach to a new romantic attraction or current love interest.

13 Oct 2006 (12 Oct 2006 to 14 Oct 2006)

You are more determined to resolve any ongoing dilemma in order to restore a sense of loyalty, trust and security in your work or social environment. Either you or a loved one may be going through a difficult period of change or adjustment which takes up most of your time and attention. You may need to give up some of your own personal or professional time to work on fostering better relations with your partner. On the other hand, work and financial matters need your focus and concentration and, should you need to involve other individuals or ask for favors, it is best to use diplomacy and gentle persuasion.

14 Oct 2006 (14 Oct 2006 to 15 Oct 2006)

Looking for a fight? I'll give you a fight. This is no time for you to be messed with. You are willing to take things to the bitter end so don't start something now unless it is very important to you. Powerful people can move carefully now and not show all their cards.

15 Oct 2006 (13 Oct 2006 to 18 Oct 2006)

Juno Conj Jupiter

There may be an abundance of love, faith and trust in your marriage or close intimate partnership at this time. If there are any improvements you want to make in your relationship, this would be an opportune time to do so. At this time, you will have more insight into the spiritual or religious attitudes and values in your relationship. There can be a desire to travel or enjoy outdoor activities with your mate. You may spend a great deal of time thinking about the future possibilities of being together and reflecting on all the big dreams and plans for tomorrow. If you have been discussing marriage with your partner, this period can signify the time when a legal commitment is entered into. Or if you are separated from your mate, this can be a favorable time to work on reconciling your differences.

If you are uninvolved in a relationship now, you may meet someone through travel or educational, religious or professional activities or perhaps a lucky coincidence. In any case, you are optimistic and sociable, thereby welcoming a new partner with open arms.

15 Oct 2006 (14 Oct 2006 to 16 Oct 2006)

15 Oct 2006 (15 Oct 2006 to 16 Oct 2006)

Venus Square Sun

Your desire for pleasure, ease, and affection is brought to the fore and may interfere with work or complicated situations in which you need to be acting assertively and on your own behalf. Your mood and attitude is conciliatory, and your need for love and approval heightened. Social gatherings and personal relationships are favored.

16 Oct 2006 (13 Oct 2006 to 19 Oct 2006)

Mars/Uranus Conj Mars

You can have a very high degree of spontaneity now. Your inventiveness may also be way up there. However, you may have difficulty following the rules or sticking to a plan at this time. Juno Sextile Moon

You can have a healthy emotional attachment to your partner at this time. Protective feelings flow but you know how to nurture without smothering your partner. You are more secure because you can sense your mate's deep inner nature and the manner in which they will respond to your care and concern. If you are in a relationship that has a long history, you will seek familiar places and experiences which remind you of shared past enjoyments.

If you are without a mate, this may signal the time when you meet an individual who stirs deep emotional feelings within you and may even awaken your memories of past associations.

17 Oct 2006 (16 Oct 2006 to 18 Oct 2006)

Venus Conj Mars/Pluto

Seduction can be so much fun. It may be your time to play the vamp or the Don Juan. Obsession and desire are strong now, so try to be discriminating in expressing your affections. You can learn a great deal about manipulation now.

17 Oct 2006 (15 Oct 2006 to 19 Oct 2006)

Vesta Square Sat

You may separate yourself from intimate involvements in order to pursue career and work ambitions. At this time, you may find you have committed yourself to a heavy work load which requires a great deal of responsibility and perseverance before you can achieve your goals. If you can withstand the delays and limitations in your daily work environment and make a conscientious effort to work in a constructive, patient and organized manner, you will be more equipped to manage your duties and obligations. Contact with administrative persons or those in leadership

roles may require careful handling now, as you are more likely to feel insecure and inhibited in your dealings with them. In your personal life, you may be so self-involved with work and professional challenges that you turn your attention away from loved ones and those who need you. It will be important to re-establish and redefine the emotional connections in your private and personal life.

17 Oct 2006 (16 Oct 2006 to 19 Oct 2006) Mars Sextile Mercury

You have a lot of mental energy and are eager to "attack" intellectual or conceptual problems. You are likely to come up with a clever solution or a very workable plan, especially if you brainstorm with others. You also tend to make up your mind very quickly and decisively now and to translate your ideas into action.

17 Oct 2006 (15 Oct 2006 to 19 Oct 2006) Vesta Conj Neptune

You may be attracted to work that brings your creative imagination and inspiration to the fore. If you work hard for your ideals, then you can devote your energies to fulfilling your dreams and ambitions. You can willingly sacrifice much of your personal and private time for the sake of service and commitment to work duties. However, this would not be a good time to become so absorbed in the job that your intimate relationships suffer in the process. You may also have an urge to perform your work in solitude during this period. If you choose to work alone, then you must pay careful attention to other individuals in your work environment, as you may be too trusting of their intentions or unaware of behind-the-scene activities. This period favors involvement with volunteer service, charities and hospitals, as your sensitivity is heightened and your dedication is apparent.

18 Oct 2006 (16 Oct 2006 to 20 Oct 2006) Merc/Nep Conj Mars

Your anger could lead to words which are misdirected. Perhaps you have let feelings build up and need to get them out. By all means do so but you should try to find the right situation where it is safe to set aside the censor and speak so openly. Be aware of others who may talk a good game but are unlikely to follow up with concrete actions.

18 Oct 2006 (18 Oct 2006 to 19 Oct 2006) Mercury Sextile Sun

This is a busy time; communicating and getting in touch with others is very likely. Numerous phone calls, letters, meetings, errands, or discussions bring you into contact with others. This is a good time to brainstorm with others, share ideas, and come to a group consensus.

18 Oct 2006 (16 Oct 2006 to 20 Oct 2006) Sun/Uranus Conj Mars

This is a time when you want to do things in your own way. You may be rebellious, unwilling to compromise, perhaps even aggressive. It is great that you can have this spirit of independence, but be sure to move carefully to avoid accidents or explosions.

18 Oct 2006 (18 Oct 2006 to 19 Oct 2006)

Mercury Conj Mars/Neptune

It can be easy to bend the truth now, to take the easy way out rather than deal with hard, uncomfortable realities. Or you may meet others whose imaginations are stronger than their grasp of the facts.

Mercury Trine MC

At this time you put extra energy into thinking about and organizing your work and professional life. Decisions you make at this time are likely to work out well, as you are clear and objective. Gathering information regarding your career or long-range goals is also favored.

18 Oct 2006 (16 Oct 2006 to 21 Oct 2006)

You may be ardent in expressing your affection, devotion, and loyalty to your marriage partner or significant other at this time. You are eager for closeness, reassurances of commitment, and emotional interplay. The satisfaction you derive from these experiences will boost your own ego and confidence, as well as make you feel completely at ease with your mate. You could also be very supportive of your partner's needs at this time; however, you will expect the same treatment in

return. If you are married or committed to someone, just knowing you can rely upon someone for love and assurance is very compelling at this time. If single or unattached, you may desire to initiate a romantic relationship now or may simply be excited by the idea of marriage and all its trimmings.

20 Oct 2006 (18 Oct 2006 to 22 Oct 2006) Ven/Ura Conj Mars

You can be fiercely protective of your loved ones now! You want to be actively involved in family matters and to support and guide others through thick and thin. Recreational, sports, or creative activities with children can be a highlight during this period. Sometimes this astrological influence marks a period when a loved one or child becomes very demanding of your attention, even to the point of becoming hot-headed if you don't drop everything to take care of their needs.

You expect the same devotion and affection which you lavish on your mate to be fully reciprocated now. Entertaining in your home or hosting an event or party with your mate or spouse would be rewarding to you. 22 Oct 2006 (18 Oct 2006 to 26 Oct 2006) Pal Qucnx Pluto

You may need to revise your present work methods and re-evaluate your thinking due to forces outside your control. For example, you may be coerced or persuaded into performing a task or assignment that is different from your usual endeavors. 23 Oct 2006 (19 Oct 2006 to 27 Oct 2006)

Pal Qucnx Uranus

You can feel very restless and bored with your current routines and daily responsibilities during this period. Your ideas and creative insights may be unrealistic or off the beaten track which causes disruptions and adjustments in your work, friendships or social liaisons. This is a great time for very imaginative, poetic and sensitive communication. If you want to write a love song or find inspiration for creative communication, this is the moment. However, this also means that feelings are stronger than facts now which can cloud the precision of some messages.

28 Oct 2006 (26 Oct 2006 to 30 Oct 2006)

Sun Oppos Venus/Sat

This can be a time of social responsibilities so keep a stiff upper lip and do the best you can to be charming under less than ideal circumstances. Love and duty are not always strangers, but you can earn respect by being patient and polite.

This is an excellent time to make decisions about your financial affairs, as your judgment is sound and reliable, though a bit conservative. Investing in beautiful things which are likely to increase in value over time (such as jewelry or fine art) is favored. You are not interested in fleeting excitement or frivolity now. Spending "quality time" with an old and trusted friend or enjoying the company of an experienced, mature person who has much of substance to give you will make you happy.

30 Oct 2006 (27 Oct 2006 to 2 Nov 2006)

Juno Square Mars

During this period, it may be difficult to manage the intense feelings that you have about your marriage or intimate relationship. If you are feeling hostility, jealousy or impatience toward your mate, then you may initiate an argument to clear the air. If you are quite happy with the relationship, then you may simply desire more emotional, physical or sexual closeness to your partner at this time. However, if you are experiencing problems with a spouse or lover, they can become intensified now. You could sense that your loved one is interested in satisfying his or her desires in a way which is not pleasing to you. Sexual signals can get crossed, where one of you will want immediate gratification while the other is opting for a more tender and loving interchange.

If you begin a new love relationship at this time, tension can develop if you or your new mate is overly assertive or aggressive in pursuit of intimacy. There can be problems in understanding the difference between lust and affection. If the relationship is not providing you with excitement and/or moving along at a fast enough pace, then you may abandon it altogether in search of a new adventure.

The other is that you lack clarity about your future and about the meaning and purpose of your life. This could, at worst, leave you feeling somewhat saddened. However, letting go of the old models may permit new, more appropriate ones to be formed.
