Transiting Pluto into natal Eighth House

During this transit, lasting 14 or more years, you may experience great changes in your innermost feelings with regard to the give and take of interpersonal relationships. This can be a time of significant change, as you reap the rewards of your contacts with others, and encounter deep feelings that can become the basis for far-reaching transformation in your life. At this time you may have an almost psychic awareness of the feelings of others. You must combat at this time a tendency to manipulate others for your own purposes. There may also be compulsive behavior around the issue of sexuality, or in insisting you get your own way, which must be transformed if there is to be growth. During this transit you may find you have sexual encounters that catalyze change in other aspects of your life. Or you may experience a change in your financial arrangements with other people, such as the inheritance of a legacy. The deeper meaning of these events lies in providing you with an understanding of what it is that you truly need from the close relationships in your life as opposed to what you think you need from them.

Transiting Neptune in opposition with natal Pluto

The planetary energies are polarized; outer events stimulate their interaction; integration is the challenge.

Conflicts and significant life changes may come up for you during this period of time. This transit brings the consciousness of universal oneness to your own urge for self-transformation and regeneration. You will undoubtedly have new spiritual insights during this period. You are in the midst of far-reaching changes at this time, although they may seem more underground than on the surface of your awareness. Feelings of confusion may come up for you, and you may feel yourself to be in the grip of compulsions of which you had been unaware until the present moment. These may be in the category of power urges, or possibly a side of sexual compulsion you were essentially unaware of. You may also feel a heightened sense of kinship with all life. This is a stressful, but also a tremendously important time in your life, when you are looking more deeply into the meaning of your existence than ever before. You may seek this meaning in the realms of occult studies, for they hold a special appeal to you now, in your strong desire to see beyond the surface illusions of your life. Your time spent in these almost religious preoccupations during this period is well spent, for an important component of the very meaning of your life is the subject of your quest at this time.

The energy you have for others is changing in some previously unexplored fashion. Even your values or your aesthetic sense could undergo a shake-up during this period of time. The most likely area of your life to experience alteration is your close personal relationships. Jun 10, 06 to Aug 1, 06, exact Jul 3, 06 R; exact Jul 9, 06
Transiting Jupiter in quintile with natal Chiron

The planetary energies are positively linked, subtle, and spiritual in dimension.

Your religious philosophy and broad intellectual framework are subject to a certain amount of suffering and re-examination. Painful experiences in these areas could lead you to a new outlook on life. Also at this time, you may feel a revitalization of the healing awareness within yourself, possibly in connection to the process of work done in connecting to old wounds, received in earlier developmental stages. When we reconnect with repressed and potentially painful feelings that have been buried away in the depths of our psyche we inhabit these rejected parts of ourselves and become more whole. At this time too, you may connect with a higher purpose in the work that you do, especially if this work involves helping people to heal in some way, and to grow in their own understanding of who they really are. You may take up the study of new-age healing techniques during this period, or in other ways inhabit the vision of wholeness and freedom from old pain that you feel emanates from the intuitive clarity provided by your higher self.

Jun 19, 06 to Jul 7, 06, exact Jun 29, 06
Transiting Saturn in quintile with natal Neptune

The planetary energies are positively linked, subtle, and spiritual in dimension.

This transit has the effect of restricting and also concentrating the expression of your sense of spirituality, and your ideals. Feelings of confusion may also come up for you during this period of time. You may feel restrictions threatening to your cherished illusions at this time, which may have the effect of helping to redefine the very ideals by which you live. This conflict may be unsettling for a time, but it is said that no transit is experienced before you are ready for it, whether or not you realize this in the present moment.

Jun 23, 06 to Jul 11, 06, exact Jul 2, 06
Transiting Saturn in quintile with natal Saturn

The planetary energies are positively linked, subtle, and spiritual in dimension.

This is a time of relatively harmonious working out of your life plans, and a time of preparation for changes to come. Although you may feel like trying to hold on to outmoded behavior that has in reality lost its usefulness for you by this time, it is necessary to get on with the evolutionary process you have already begun. You tend to be introspective and practical at this time, and reflect on what you consider to be your duty in life, and the course of your life's direction.

Jun 25, 06 to Jul 28, 06, exact Jul 12, 06
Transiting Saturn in opposition with natal Moon

The planetary energies are polarized; outer events stimulate their interaction; integration is the challenge.

For this period of time, you may feel lonely and isolated, as you dwell on the self-determined structure of your own life, rather than being able to relate wholeheartedly to friends and family. You may fear close relationships with others during this period of time. Your feelings may seem to be restricted by circumstances or from the standpoint of your own inner development. Either way, you may find yourself moving toward a more self-reliant attitude as a result. As you build confidence in dealing with your own needs, rather than depending on others, you may find an increased sense of

responsibility in this area of your life, and more capacity to relate intimately with another person, without fear.

Jul 1, 06 to Jul 18, 06, exact Jul 10, 06
Transiting Saturn in quintile with natal Jupiter

The planetary energies are positively linked, subtle, and spiritual in dimension.

Your natural optimism is deserting you these days. Your faith in yourself and your plans or aspirations as well as religious feelings will be emphasized at this time. These ideals may be restricted in some way and may change as a result of this transit. This is a relatively stressful period of time for you, a time to dig in and plug ahead with projects and life goals you have set for yourself. Travel or educational plans are another possibility for restrictions and changes during the course of this transit. You are also more serious than usual during this period of time, and you benefit from taking the time to just relax and enjoy yourself, rather than to struggle 24 hours a day. Your resolve in implementing your dreams will be tested now, and you may well come away from the experience with an altered conception of their real meaning for your life.

Jul 17, 06 to Aug 2, 06, exact Jul 25, 06
Transiting Saturn in quintile with natal Ascendant

The planetary energies are positively linked, subtle, and spiritual in dimension.

Transits to the Ascendant affect self-expression, including your creative potential and your sense of well-being. Your physical vitality is also affected, and your attitude to life in general. Try not to try too hard.

Jul 24, 06 to Aug 24, 06, exact Aug 9, 06
Transiting Saturn in trine with natal Venus

The planetary energies flow smoothly; the connection is easy and beneficial.

For this period of time, you may feel somewhat isolated and involved with your own internal issues. You also will find your relationships in the outside world have a practical side to them during this period of time. It is an excellent time to take stock, as Saturn slows down your process of relating to others. You may need to pay closer attention to these areas of your life, even extending to your values, aesthetic and otherwise. Your values represent what you relate to in your environment. If you work with an artistic medium, you may establish new approaches to your work quite successfully during this period. It is important to slow down in these areas in order to focus on what is most important to you in the long run.

Jul 25, 06 to Sep 2, 06, exact Aug 17, 06
Transiting Jupiter in square with natal Moon

The planetary energies conflict; internal and creative tensions bring rich rewards through effort over time.

You feel a terrific sense of optimism and possibility. You are so sure of and comfortable with yourself that you may be prone to overdoing things, and you may need to exercise a moderate degree of caution as a balance to the expansiveness of this period of time. At this time, too, you

may reach an important moment in your plans to expand your ideas regarding home and family. What is affected is your feelings and your feminine or nurturing side, the deeper part of yourself, as well as your attitudes toward home and family. All these areas will be seen in a more positive light with the exuberance This transit brings to them during the course of this transit. Your relationships with significant female figures in your life, such as with your mother, may also be full of joyful expansiveness under this influence. You may also want to take advantage of this period to work on family issues, if there are any that need addressing. You will find yourself in a good place to deal with intimates as well as all other people during this period. Just be careful to temper your enthusiasm with a degree of caution at this time.

Transiting Saturn in square with natal Sun

The planetary energies conflict; internal and creative tensions bring rich rewards through effort over time.

During this period of time you are more aware of your limitations and responsibilities than usual. This time represents a significant period of your life. There may be some dramatic turn of events, as the momentum of your life's journey changes direction, in particular your professional work or significant worldly activities. This transit can last for several months, and is almost always accompanied by some suffering - the structure of your life, and your ego-investment in that structure is bound to change as a result of the pressure of events, and this is never easy. This transit can be an excellent time for a new beginning, in which the sum of previous efforts taken can be used to advantage in a new move of some sort, designed to make the most out of your endeavors. Try to accompany all the hard work with a healthy dose of pleasure. The key lies in balancing the energy to achieve and the energy just to be, without needing to achieve.

This conflict is unsettling for a time, but it will pass as the transit moves on and eventually diminishes in its influence. What you can take away from the experience is a more focused awareness of your energy for freedom and the search for new horizons, in spite of remaining, and to whatever extent you do remain, in the limitations of your established place in the world.

Transiting Pluto in sextile with natal Saturn

The planetary energies flow together, open into new possibilities, new connections.

You are in for an extended period of time when the basic structure of your life is subject to some inevitable and far-reaching changes. At this time you will feel the pull of the older and more habitual patterns as well as the push for some newer and more vibrant way of being in the world. You are in a process of letting go of some part of your past at this time. You are trying to create something new in place of the old. The changes that are upon you now are in fact in your own best interest, and these outmoded portions of your self-concept are being released in order that you may

You will be more serious in the use of your aggressive urges and make slower and more deliberate progress toward your goals, and you will probably run into some limitations in getting what you want done as well. You may feel that unconscious drives are more powerful than your overt conscious motivations at this time. You have a powerful urge to create during this period, and you need to get in touch with how to use this energy and what it is that you want to accomplish. You may experience frustration in trying to go your own route, independent of what consensus reality surrounding you may dictate. Old wounds in the area of self-assertion and how you make your way in the world may also come up at this time as you try to find your true path. It is only by going deep within yourself and trusting the intelligence of your own inner awareness that you can make a movement toward healing these issues and enter a new birth of understanding and trust in your own process.

unacknowledged desire for change may be bringing these feelings up in you as a prompt for action, even if they seem to be coming up through the medium of an external agency. Although these changes may seem disruptive they usually work out for the best in the overall process of your life development and may provide insights that will be the seeds for your future emotional development. The primary truth being urged upon you at this time is compassion, greater compassion for all of mankind. This transit represents a renewed connection with this most basic part of yourself, your loving and gentle nature. If you are able to sacrifice your own ego-needs for the moment, without bitterness, you may well reap the rewards in future of greater compassion both for and also from your fellow man.

You are forced to be more deliberate and really concentrate, but this has the benefit of increasing your focus, and you may wind up accomplishing more. Your thought process is also extremely well grounded and practical at this time. Every decision, every plan you make, has to pass the test of what is it for, in terms of concrete results. Your decision-making process will also come slowly, forcing you to be sure of yourself before you go ahead. It is important not to bite off more than you can chew during this period of time this transit is in effect. It is also important that you take personal time for yourself in order to feed your own process, independent from the opinions of others around you, who may have their own perspective that isn't a perfect match for yours. If you don't have faith in your process it is likely that the world won't either, but if you do believe in yourself, that is half the battle.
