

Quick Scan Aspect Key

The longer the bar, the slower the aspecting planet and the longer the aspect's duration.

- 08 Jan ♃ △ ♃ 07:19 pm PST **Tran-Nat**  09° ↗50'
 Now is the time to put on your seven-league boots and make major advances along the path of your choice. You have large, swinging energies behind you and you should maximize your gains while the wind blows in your direction. Confidence is your best ally -- if you think you can do it, you can.
- 09 Jan ♃ □ ♃ 11:56 pm PST **Tran-Nat**  10° ↗04'
 Where inspiration may have flowed freely before, you will now be tempted to force it when it doesn't spring up on cue. This will only result in creating a number of blind alleys for yourself, so best leave it be, even though the situation may be irritating. Better to save the energy and wait till later.
- 19 Jan ♃ ♂ Asc 04:02 pm PST **Tran-Nat**  11° ↗54'
 There is a big boost in energy and confidence, like a shot in the arm. However, there is also a similar effect on the body, so look out for raised blood pressure, explosive emotions, and things that happen from just too much going on. Be willing to take a rest when needed and this is a super fine time and ego-reinforcer par excellence!
- 22 Jan ♃ □ ♃ 01:43 pm PST **Tran-Tran**  12° ↗26'
 Attempts to leapfrog from idea into execution may be at sixes and sevens for a while, but it's not your problem alone, it's in the air. Troubleshooting and debugging are necessary parts of life's progress, and like everything else, it all happens at once. This makes this not such a good time for leaping into new worlds when the old one still hasn't gotten its act together. Until you're clear about now and know you're on firmer ground, seek out the glitches, the overlooked pieces of the puzzle, the stuff that glues it all together into one working whole, whether that be a marriage or a merger.
- 29 Jan ♃ ♂ ♃ 10:50 pm PST **Tran-Nat**  19° ≈09'
 Firm ground may be hard to come upon for a while, but at the same time previous limitations seem to drift away and old responsibilities fade. This is a time for reinspecting the value of inner-imposed limits and renegotiating with yourself, but do not idly cast things aside until the situation firms up a bit.
- 02 Feb ♃ □ ♃ 01:49 am PST **Tran-Nat**  14° ↗14'
 It may be hard for you to resist forcing your will on others where you think there is universal gain to be had. In the long run, however, this will be self-defeating, particularly when you later turn out to have been wrong. Rather, fear not to be still, for the need for power is born only of that fear.
- 21 Feb ☉ ✖ ♃ 11:23 pm PST **Arc-Nat**  09° ≈50'
 It's easier than ever to get a hold on the big picture, and well-laid plans will have long-range effects that don't require nearly as much effort as you might have thought. If you walk in like you own the place, you will, so feel free to indulge in your biggest visions and they will become dreams come true.

- 25 Feb ♃ ♁ ♀ 09:43 am PST Tran-Nat  14° 14'
- You are witnessing a universe around you that alternately confirms and then utterly contradicts your overall life view, a confusing experience that will result in a new synthesis of thought when you sort it all out. The sorting can be puzzling at times, but patient observation will bring the best results.
- 28 Feb ♃ ♁ ♀ 04:07 am PST Tran-Tran  20° 15' Rx
- This approximately yearlong period, which everybody shares once every 36 years, puts a backdrop of considerable deception and collusion in government circles followed by exposure and consequences. The Watergate conspiracy and the covert rise of the Nazi military machine come to mind. The fact that people can be so false and so blind at the same time naturally affects all and suffuses cultural morality and trust at a fundamental level. On a personal level, it means cover your rear and don't rely on what you hear, especially from the most normally reliable sources. What you don't know probably will hurt you, so check twice, and then again. Everybody's in the same boat.
- 16 Mar ♃ ✖ ♃ 10:15 am PST Tran-Nat  19° 09'
- Cautious redevelopment of your own inner support system will benefit you greatly. Now is the time to strengthen the defenses you may have taken for granted and fill in the chinks in your armor that have developed over time. A judicious blend of the new and old builds a stronger edifice all around.
- 16 Mar ♃ △ ♃ 02:44 pm PST Tran-Tran  19° 09'
- You are in a roughly yearlong period in which the world at large is, in the deepest sense of the word, coasting. There is a great faith that God is in his Heaven and all is right with the world, which is, as often as not, totally unfounded, a disillusionment often met the following year. But, for the moment, in the background all appears to be working smoothly, both economically and morally. This makes for profitable enough short-term actions, as long as you can pull out quickly. The real personal bonanza may be had by searching out the coming shift that changes everything and putting all your financial and moral assets on it.
- 16 Mar ♃ ♁ ♃ 07:38 pm PST Tran-Nat  19° 09' Rx
- You are at what most consider a "life crisis" point and you are likely to feel the most alienated from society you have felt for almost 30 years. It is a time to reflect upon the meaning of individuality and your role in society as a whole.
- 30 Mar ♃ ✖ ♀ 06:54 pm PST Tran-Nat  16° 07'
- Expect an even, though not awe-inspiring, flow of mental creativity for a while, during which you should have plenty of time to put your plans into action and test them out -- unpressed by further demands on your skills. A peaceful time in the mind for establishing an ideal pace for optimum work.

- 13 Apr ♃ △ ♀ 07:36 am PST Tran-Nat  16° 48'
- You are in a period where fantasy and reality can mesh quite easily and dreams have a way of coming true because they turned out not to be so impossible as they seemed. It is

a high point for creativity as inner and outer worlds get together and enable things that neither could accomplish alone.

- A little imagination goes a long way in guaranteeing that what you get is what you wanted in the first place. Embellishing your desires and painting your fantasies just enough to raise them a notch makes it look like you're a step above the crowd. Good taste is timeless, so you needn't check your watch.

- 31 Jul ♃ △ ☉ 11:28 am PST Tran-Nat  25° 252'
Strong inner support and strength allows you to be a firm shoulder for anyone to lean on, including yourself! Self-confidence is bred of sure inner knowledge, not guesswork, so you can go ahead being sure you're right, with external support even from more conservative quarters.
- 06 Aug ♃ △ ♁ 02:08 am PST Tran-Tran  26° 234'
For a year or so there is a time when the social backdrop seems relatively peaceful and it could be that the right people are in charge for once and getting done what's needed. Though it's not specific to you or your life, you can make your life specific to it by riding the wave and taking advantage of calm waters to do some exploration you might not have done otherwise. This can include alliances and even friendships with people that differ from you considerably but are now more open to and comfortable with your way of thinking. It's sort of a "pax Romana" in which the successful control of the political and cultural matrix allows for commerce where there was conflict before.

- 02 Sep ♃ ♂ ♁ 05:44 am PST Tran-Tran  00° 700'
An emphasis on discipline with regard to work and health is a keynote of the cycle now dawning in your life. Procedures, scheduling, details: you're apt to be weak in these areas unless you take steps to correct deficiencies. Do this, and you make progress; otherwise, you have to run faster just to avoid falling behind.

- 23 Sep ☽ △ ♂ 02:16 pm PST Prog-Nat  10°♐02'
You are likely to be able to act without misgivings or inner indecision for a while, which will speed up your life. If it feels right, do it, and generally whatever you do will feel right afterwards. You don't have to do much inner consultation, as the flow between heart and hand will be uninterrupted.

- 24 Sep ☽ ♂ ♃ 05:39 pm PST Prog-Nat  10°♐04'
For a month or so you may find yourself responding to situations in unusual ways you might not have thought possible. Why waste time with the ordinary when you can try a completely new tack? In the process, it might be too easy to let harsh or untested opinions out of the box, so put a gentle hand on your approach.

- 01 Oct ♀ ♂ ♀ 07:02 am PST Prog-Nat  16°♍07'
Your thinking cap suddenly fits better than ever, like new again, giving you a rebirth of clarity and intent. It's a good time to take a look at how you explain things and put down new roots for learning and understanding. It's a youthful feeling, like going back to school again and opening new windows of the mind.

- 29 Oct ♃ ✖ ♀ 07:59 pm PST Tran-Tran  19° ↗ 15'
A more realistic and satisfying way to blend dreams, hopes, and expectations by sharing is in the wind, if you are willing to take a deep breath. Actually, a series of shallow breaths describes it better. What once you may have kept to yourself, it is time to exchange with others who have been in the same situation. Fortunately, the air is very conducive to doing just that, and what might have been hard to say before comes more easily with the knowledge that it is a two-way street of mutual trust and reward. You may find this critical to your happiness, or you may just find yourself in a general situation where it helps others and it's the best thing to do to go along. Either way, you win.

- 13 Nov ☽ ☐ Asc 08:10 pm PST Prog-Nat  11° ♏ 54'
Getting things accomplished, either at home or at work, can be either helped or hindered by uncertainty about how to present yourself. It's hard to be completely forthright when you have an ulterior object in mind, and when that shows it can make you seem less than sincere. Just make the necessary proposals without undue personal testimony.

- 30 Nov ♃ ♂ ☉ 05:51 am PST Tran-Nat  25° ↗ 52'
You can expect a noticeable surge of physical life energy that will add great strength and power to whatever you do. The feeling of inner abundance may set your pace at a speed which may leave others in the dust, so be ready to slow down occasionally so they can catch up -- or be willing to go it alone.
- 11 Dec ♃ ♂ ♀ 11:18 am PST Tran-Tran  28° ↗ 24'
Sometimes innovation and expansion arrive on a gentle breeze, sometimes on a hurricane. This time it is likely to see the latter, when progress is not to be resisted or it will overcome you by sheer force. This does not mean you have to get on board of every new brainstorm, but if you see a juggernaut coming, either climb on or get out of the way. On a personal level, however, this can mean shoving your ideas or beliefs down someone's throat, albeit with well-meaning, and that can be tantamount to coercion or worse. No means no, whether you believe it or not, and since the tendency for coercion is in the air in general, you may be the one on the receiving end to most benefit from that.
- 18 Dec ♃ ♂ ♃ 12:11 pm PST Tran-Tran  00° ♃ 00'
Respect, status, and achievement are central goals for you as a new phase begins in your life. Creating a structure to empower and maintain your ideals and principles becomes a high priority, an article of faith. By taking on greater responsibilities of this kind, you become an inspiration to others. Ambition unlimited always ends in defeat.
