## Mercury Stationary Retrograde in 05th House

Playful creativity can be a hallmark of the next three weeks, but only if you are willing to let it take its course wherever it leads. Don't expect to follow a straight track but go where things lead you until you start to establish a pattern. Only then can you get back to the main highway after an enlightening detour onto the scenic route. Don't be surprised if this muddies previously held opinions toward the end, as the new alternatives you will be finding will more than make up for any inconveniences or confusions experienced along the way.

## Mercury Conjunct Jupiter (Retrograde)

Mercury making a pullback on your Jupiter should put a focus on reorganizing your go-ahead game plan and see if your horsepower plant could use a tune-up before you put in more gas. If you're not running on all cylinders, now is the time to find out and be sure everything is in gear before putting the pedal to the metal. That means rooting out half-baked (though well-meant) goals and ambitions and remixing a formula that burns clean and hot. Pull back from overextension and put all you've got into a revised plan -- the one you're revising now.

## Mercury Stationary Direct in 04th House

A period of some delays, detours, and slowdowns has turned the corner and with a little more fine-tuning life operations will be not only back to normal but improved. Issues having to do with direction and creative focus begin to resolve themselves and turn out to have been only temporary delays, not fundamental problems. Once you have buttoned down the last of the recently arisen distractions, you can put your mind fully on the game and get back to being the you you always thought you were, only better. The exercise provided by internal troubleshooting and introspection brings you back stronger than ever.

## Mercury Conjunct Jupiter

As Mercury turns around after three backwards weeks, it's right on your Jupiter, which should put you into the forefront of what's happening next. Claim the vanguard, and others will thank you for rescuing them from a sea of hesitation and indecision. It's becoming time to finally choose, and you can be the choice -- just step forward boldly with your beliefs and the rest will be history. Even if it's old, paint it like it's new, dress it like the future, and that's what it will be. You needn't have all the details, just the confidence in your direction -- take care of the rest once you're under way.

Mercury Stationary Retrograde in 08th House

If you can spend the next three weeks redeploing your debts and reallocating resources, you will not regret it. In fact, it may simply be a necessity to pick up loose ends and take a second look at whether you are unnecessarily overextended. With a little tweaking, you could be sitting in the catbird seat, but you'll need to test the wind to get some height. Pick up on assets you've neglected or forgotten about, and you'll have all you need. Make new friends, but keep the old; one is silver, but the other's gold -- in ways you hadn't even thought about.

Mercury Stationary Direct in 08th House

The last few weeks' complexities and contradictions begin to clear up and you've turned a corner on finding out what you can get elsewhere and what you can provide yourself. If you need to borrow, it will be in the cards, but you may equally find that a little inventory of your past resources will reveal you've actually got all you need if you try out a new way to tap it. Brilliant ideas that seemed elusive are headed back into the pipeline but will still need a little sorting out before you can bring them to fruition. Putting previous obstacles behind you will give you the chance.

## Mercury Stationary Retrograde in 01st House

This begins a three-week period during which you have the opportunity to refine and perhaps repurpose the way you project yourself in your surroundings. Round off the raw edges and pull in any potential entanglements that might be slowing you down. You have not only the right, but sometimes the obligation, to change your mind in order to insure consistency and personal impact. Toward the end, this may particularly include tightening up solutions to previously resolved issues to be sure they are well in hand. When you've got all your ducks in a row, you won't have to look back.

## Mercury Conjunct Pluto (Retrograde)

Mercury making a temporary halt on your Pluto turns you on to a set of delays that are shared very specifically with your age group, so look to immediate contemporaries for both sympathy and solutions. Issues may circle around who is in control and what turf is worth having charge over, but it all comes down to personalities in the end. Fewer things than you may imagine are worth going to the mat for, so be ready to abandon time-wasting challenges and dead ends in favor of what's really worth the push. A few weeks of picking your fights carefully may eliminate the opposition to begin with.

## Mercury Conjunct Moon (Retrograde)

Mercury turning around on your Moon may give you the message that you may have been missing something emotionally, perhaps not fully accessing your feelings when personal matters come into play. It could be time to take a second look at knee-jerk reactions and the types of automatic responses that operate under the radar but should perhaps be monitored more carefully. Make a renewed effort to make each moment fresh and live and don't just skip to what you expect to come next. Your life is only as real as each individual feeling you experience, so let there be no forgotten ones.

## Mercury Stationary Direct in 01st House

After three weeks of readjustment, you can start getting plans back into shape for going ahead, which includes some new feathers put on your personal image. You may find you have discovered some improved ways of fitting your own leadership into the mix, which will firm up during the next few weeks and everyday rhythms get renormalized. Although it might not have seemed so a couple of weeks ago, you're increasingly glad to have had the opportunity to edit your life a bit so you can better exploit your position both socially and financially during the next month or so. Some changes will be momentary, but some will last.

Mercury Conjunct Moon

Mercury kicking off its return to action on your Moon tweaks your sensitivities to the confusions and delays of the last few weeks and enables you to make snap decisions to regain headway and get things back to normal. If it feels right, it probably is right, and you'll even likely be able to find exactly the right words for it. Tune up your antenna for communications arriving that impact your emotional state and clear up mixed messages you might have been relying on. Keep it light and breezy if you can, as others may be depending on your cheerful attitude to infuse them with the same.

Mercury Conjunct Pluto

As Mercury gets itself back into gear on your Pluto, pecking order issues that may have arisen lately can be resolved and competition put aside where it is not needed. You can figure out how to get your way without imposing it -- either by cooperation or simply by sleight of hand -- and there is no reason to waste unnecessary muscle making it happen. You can equally well put your finger on your unresolved fears and find that when you shed light on them, there's nothing there to be afraid of. Known challenges are always easier than what lurks unseen, and this is a good time to cast a little light into the darkness.

The next three weeks may cause you to step back and rethink your course and reset your bearings to make sure you are really on the course you intended. Do not hesitate to question fundamental values in order to get to the heart of what you believe and resolve inner conflicts that may arise. Small insights can net you large gains, particularly in the future stability of your ship. Rock your own boat before others do, and you'll be the better off for it. By the end, you may find risk reevaluation highly useful, particularly when you depend on others to evolve into what you will lean on in the future.

It can be hard to figure out where to put your efforts during this period; every time you try, you seem to get a different result. It's almost as if you're sharing the helm with other invisible hands that don't always try to turn the same way. As in any case where you are met with uncertainty and lack of information, you'll do well to hedge your bets and see which way the wind is going to blow. In case of doubt, tread water so you can still have the same options when things get clearer. Better to doubt action than to take doubtful action,

at least at this doubtful time.

Pushing hard to garner support may not have been having the intended effect lately, but feelings of being stalled by the roadside are about to give way to the sounds of busy traffic. Remember that your backing may not always come from what you simply seek yourself but from that which is awarded to you on your merits, ones you may not even be aware of. Do not grasp, but let others seek you out for your strong points, and you will find their energies shore you up and propel you on when you need to take some of the burden off your own shoulders.
